Subject: Authorization for Partial Release of Reclamation Surety, Bluffdale Sand and Gravel, Bluffdale Sand and Gravel Mine, S/035/022, Salt Lake County, Utah

Dear Mr. Jones:

The Division of Oil, Gas and Mining hereby authorizes a reduction in the reclamation surety from \$17,000 to \$5000 for the referenced project. Mining has been completed at the site, and it has been adequately regraded. This has been verified through site inspections, and a copy of the inspection report is enclosed. The remaining surety is to cover the costs for reestablishing vegetation.

Please provide a replacement surety for \$5000 which could be in the form of a rider to your existing surety bond.

We have discovered a mistake in the legal description in the reclamation contract and the Notice of Intention to Commence Small Mining Operations (NOI). The correct description is:

Portions of Township 4 South, Range 1 West, Section 17, NE $\frac{1}{4}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$, SLBM

If you accept these changes to the reclamation contract, i.e. the changes in the bond amount and in the legal description, and if you accept the legal description change in the notice of intention, please acknowledge
